Thank You Template for Members of Congress that Stand with Israel

Dear Senator/Representative [NAME],

I am writing as your constituent and a member of the Jewish community to thank you for speaking out in solidarity with our ally Israel amidst continuing terrorist attacks targeting its citizens.

As you know, Hamas and Islamic Jihad have fired thousands of rockets at Israel, targeting population centers with the goal of injuring or killing as many Israelis as possible. There have been multiple deaths and casualties stemming from these attacks.

The United States government and international community must do all they can to stop these attacks immediately, and we are grateful for leaders like you who have expressed that there is no justification for terrorism or attacks on innocent civilians. Thank you for your leadership and for standing with Israel in the face of these attacks.

Sincerely,
